BitLanders Ecosystem

bitLanders uses bitMiles, a technology that maximizes the Brand's Return on Investment by increasing their users and customers' interest in the campaign.

Why engage your Brand with our Users?

- Identify and establish your brand's digital presence
- Align your company's vision with users' needs
- Connect and Engage your userbase through tasks and quests
- Identify your brand ambassadors
- Learn more about what your customers care about and support by asking them specific questions through customized tasks
- Use the platform as a focus group and for qualitative research

.....

Why Advertise with Us?

- Zero Bots: Bots can't answer surveys
- Qualitative Survey: ask questions to users to improve your products and services
- Direct Sales and Promotions: define Questions and Tasks to sell products and Services
- Safety and quality with a moderated community
